

AQA GCSE Physics Paper 2 Revision Checklist

Focused AQA Physics Paper 2 revision checklist for students aiming for Grades 8-9.

Revision Topics

- Forces
- Motion and Velocity
- Acceleration
- Momentum
- Waves
- Electromagnetic Spectrum
- Light and Sound Waves
- Magnetism and Electromagnetism
- Magnetic Fields
- Motor Effect
- Generators and Transformers
- Space Physics
- Solar System
- Life Cycle of Stars
- Red Shift and the Expanding Universe

Required Practicals

- Force and Acceleration Practical
- Wave Speed Practical
- Magnetism Practical

Most Important Topics for Grade 8-9

- Motion equations
- Wave calculations
- Electromagnetism
- Space physics
- Graph interpretation
- Required practicals

Grade 9 Skills

- Rearranging equations
- Showing full calculation working
- Using correct units
- Graph interpretation
- Evaluating practical methods
- Applying physics concepts to unfamiliar contexts
